Their blessings are always with us.

DEDICATED TO

Late Prof. P.N. Nigam
Founder & Chairman of
Daisy Dales Sr. Sec. School

Late Smt. Kailash Devi Nigam

God helps those who help themselves

हिम्मते मर्दा दे मददे खुदा

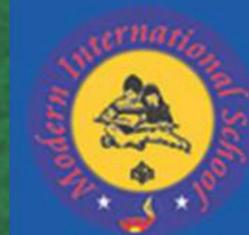

Modern International School is a vibrant and welcoming learning community, committed to creating the best possible educational experience for every child. We aim to enable all children to reach their full potential.

We have a talented, dedicated, caring team of staff, each of whom works very hard to ensure that the abilities of the children in our care are nurtured and carefully developed. Our teachers and teaching assistants are experienced, and work as a team to make the school a very special place, every day, for your child.

At MIS we aim to provide a broad, well balanced and relevant curriculum. We encourage positive social behaviour, emphasising respect for others. We believe that every child has the right to work in a calm, orderly, safe and secure environment. We value every child and have the highest possible expectations in the areas of achievement and behaviour. MIS provides a stimulating and enriched environment so that the children can enjoy all aspects of their learning. We value regular contact with parents / guardians, and regard the home-school partnership as an essential part of the education process. We are always looking for new ways to involve parents in the life of the school and to keep them informed of the things we are doing.

B.N. Nigam, Chairman

Chairman's
Desk

Our philosophy of education has always been meeting the needs of the individual child. Children acquire skills and knowledge easily if we can make the surrounding stimulating and purposeful. In the 21st Century, the Digital Revolution affects us all. Quite simply, it is changing everything. We try to understand and work with each child, and we firmly believe that it is our responsibility to enable the child in our care to develop as a whole.

If innovation and novel ideas are a key to bright future, then we can surely remain assured of our place under the pedagogic sun. We put forward a distinctive blend of offerings in the areas of knowledge and enterprise in the form of encouraging students for debates elocution and quiz contest as well as organizing and taking part in various cultural events.

Our ardent effort has always been, and will be of reaching our children. It is possible when we all come together with all our might. With right strokes at the right time, right place and right students irrespective of caste, color and creed. Only one relation must reign supreme in our heart and mind 'Vasudhaiva Kutumbakam' As every morning is the symbol of rebirth of our life time, so we must forget yesterday's bad moments, and make today beautiful.

Sj Singh

MODERN INTERNATIONAL SCHOOL

(Senior Secondary Affiliated to C.B.S.E.)

One School. Many Journeys.

For some people, success means money or wealth, for some its fame, good health or good family, for every person the definition of success is different.

But for the chairman Mr. B.N. Nigam definition is "Success Is The Progressive Realisation Of Worthy Goal". Success is the result of aspiration, desire, passion and hard work. And his goal is "A Unique school providing truly international standards and facilities."

Modern international school is a dream child of the chairman Mr. B.N. Nigam. He has the distinction of taking personal interest in understanding, nurturing, strengthening and encouraging academically weak students. Mrs. Sushma Nigam, the vice-chairperson of the school is highly qualified educationist who has been in the academic field for almost two decades.

In today's hectic and stressful times, parents are hard pressed to spend quality time and pay as much attention as they would want to on the growth and development of their children.

With this in mind, MIS, promoted by eminent educationists now brings to Dwarka a truly international level of learning and world class facilities for overall development of children.

Strategically located on the main airport road in Sector 19, Phase-I Dwarka, the school has been sponsored by the Delhi Government and has been allocated two acres of prime land for the Senior Secondary wing.

Modern classrooms with State of Art Technology, Computer Labs & the Extra Curricular Activities with individual attention are all aimed to provide best opportunity to every students.

A highly qualified and experienced Teaching faculty, ably supported by the Administrative Team, would facilitate an open and friendly atmosphere in which students get an opportunity to closely interact with the faculty in order to sharpen their academic, creative and physical attributes and develop an all round, healthy and constructive attitude.

Every child is educable if given a conducive environment. The school aims at creating an environment where the quest of knowledge is ignited in young minds, the emphasis being not on learning but on 'thinking' and 'exploring'.

Besides academic excellence and intellectual development, the school endeavors to help each child to discover and develop one's innate talents, abilities, balanced and complete education to prepare them for the world outside.

We develop pride and love for the country in the phrase "वसुधैव कुटुम्बकम्" The world is one family.

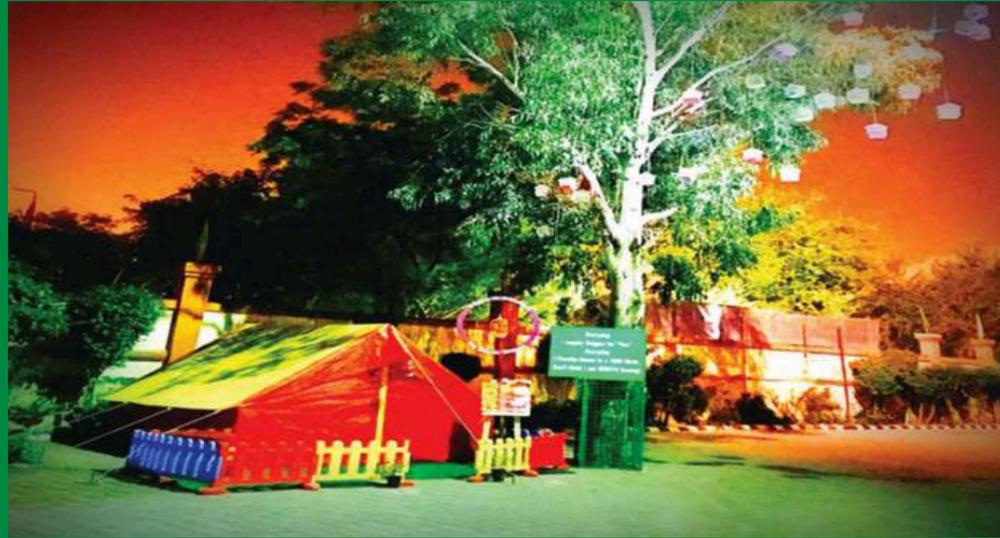

AIMS & VISION

Our innovative and child centered curriculum is designed to meet the needs of every child. At primary level, we help the students make a smooth transition from home to school. The focus of curriculum development is on language development & skills.

We aim at empowerment at the junior level, the classroom learning is made more meaningful and enjoyable.

ECO CLUB

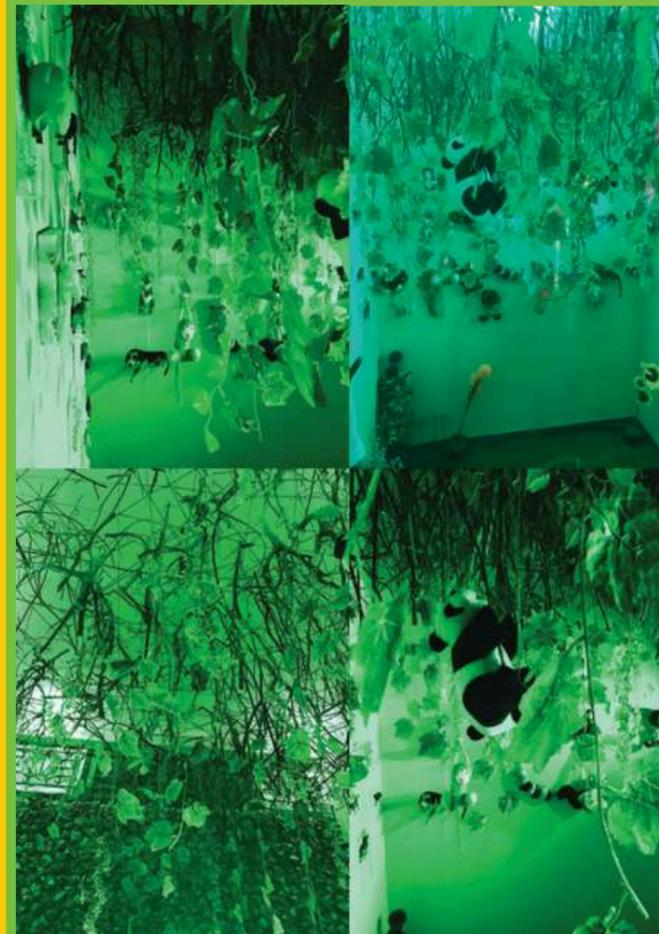

Healthy People, Healthy Community, Healthy Planet

Eco Club helps student start and maintain environmental clubs during & after school. We do not have a one-size-fits-all set of activities for clubs. Whatever your passion is, if it has to do with healthy people, healthy communities and healthy planet, we are here to help. A few examples of club activities include :

Linked Learning Opportunities
Conservation Science Support
Social Drive
Farm Field Trips
Speaker Support
Habitat Restoration
Student Action Campaigns
Green Labs
Garden Support
Healthy Cooking Demonstrations
School Energy Audits And Competitions
Community Projects
Youth Leadership Training
Mentorships

The Eight Values That Guide Eco Club Are:

- | | | | |
|--------------|-------------------|--------------|-----------|
| 1. Integrity | 2. Responsibility | 3. Empathy | 4. Equity |
| 5. Peace | 6. Sustainability | 7. Community | 8. Trust |

FORESTOPEDIA

A place where child walks through the jungle. He learns about different aspects of animals & plants as he enjoy a juicy Orange while walking through the woods.

SWIMMING POOL

It is nice to have sports to get your heart pumping, but it is also nice to have a sport that can calm your body without being lazy.

An International Size Swimming Pool For Champions & a small pool for our little kids.

Delhi's 1st Green House School

A school that's making our world sustainable. Day-by-day, our school develops a strong bond with nature. By making it part of who we are, we feel inclined to nourish it, compelled to respect it and empowered to care for it now and forever.

Living a sustainable lifestyle is a process of learning by doing and remembering what we once knew and have forgotten over many generations. Many things need to change to lead a life that is more integrated with the natural systems that surround us. The most important change that can lead to living an authentically sustainable life is a change in our mind set and habit patterns. At MIS we study, work, live, and play with an awareness of the impact of our thinking and decisions.

Our journey is comprised of thousands of small details; the detailed decisions and activities that makeup our days, weeks, months and years.

Why Green House?

- Consistent Gardening
- Protection For Plants
- Optimum Growing Environment For Plants
- No Season Gardening
- Ditch Landscaping

We believe in three simple rules underlying every decision: be local, let your environment be your guide and envisage how your grandchildren will be affected by your actions.

SCIENCE LAB

Science is different from any other subject. In order to understand its concept, one has to look beyond the books and conventional classroom teaching. Effective teaching and learning of science involves seeing, handling and manipulating real objects and materials. The knowledge that kids attain in classrooms would be ineffectual unless they actually observe the process and understand the relationship between action and reaction.

Science lab equipment allows students to interact directly with the data gathered. They get a first-hand learning experience by performing various experiments on their own. Students are made to use the models and understand different scientific theories and concepts. It is also found that school science lab equipments and supplies make teaching and learning easy both for the teachers, as well as for the students. There are several scientific theories and concepts that are difficult to explain directly from the books.

MIS have latest science lab to make science interesting and effective for students and to encourage them to make significant contributions in the field of Physics, Biology, Chemistry and other streams of science later in life.

Holistic Development

Curriculum derives its meaning from a balanced amalgamation of academics and extra activities. It is observed that for the holistic development of a child's personality, co-curricular activities play a key role. The school lays emphasis on co-curricular activities along with the day to day class room teaching. Almost all significant social, national and religious festivals are celebrated along with several competitions. This gives children a wide platform to exhibit their talent.

PROUD & ENTERTAINING MOMENTS inter school, inter class and inter house competitions are held regularly to give opportunity to the children.

SCHOOL FUNCTIONS

Independence day, sports day, annual day, winter carnival & Republic day are celebrated with great enthusiasm every year.

CO-CURRICULAR/EXTRA CURRICULAR ACTIVITIES

To nurture the talent of creative minds and balanced growth of body, classes of Art, painting, Music, Dance & Drama are conducted.

TOURS & EXCURSIONS

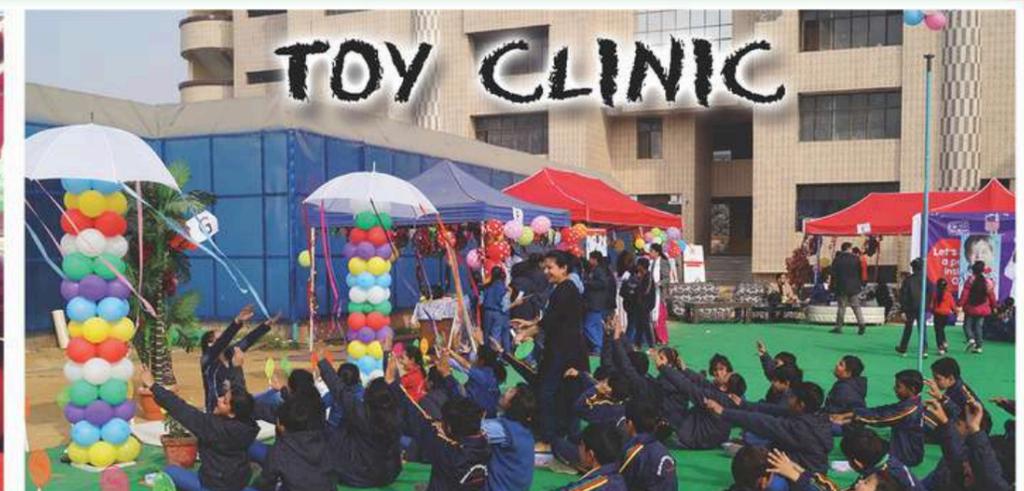

Regular tours & excursions are organized which provide recreation and inculcate qualities of leadership, self reliance, discipline & sense of responsibility.

Charity begins at home.

SOCIAL DRIVE

A fund raiser event organised by children sometimes to help giving a cloth to the needy old man & sometimes to feed a hungry child.

MODERN AMENITIES

Innovation in education can take lots of forms, like incorporating new technology or teaching methods, going on field trips, rejecting social norms, or partnering with the local community.

SMART CLASS MIS takes pride in implementing the latest in instructional technologies in its classrooms known as smart class.

LIBRARY The school believes that every individual is a learner throughout his life. The school has a well equipped library with all sort of magazines and books, textbooks, reference books, encyclopedias and fiction etc.

COMPUTER LAB In this fast changing world spurred or by increasing sophistication in the field of silicon technology how can one keep the future of the nation, and its citizens, away from it. To make the student aware, the school is providing them with all the tools and the instruments to enable them to benefit from, and gain proficiency in the child of the silicon technology, i.e. THE COMPUTERS.

TRANSPORT 1. Transport is available to take students to and from the school. Details can be obtained from the school office.

2. 11 (Eleven) months fees need to be paid even if child withdraws the transport facility

Business Standard

When you're sure

Modern International School Dwarka, one of Delhi/NCR's leading schools has witnessed excellent results in this year's Class X and Class XII exams. In total, 130 students obtained 90 percent and above in class XII results. Out of that, 27 students secured more than

Dear Priya Mam
 It is very heartening to know the results and the ranking of the school. The whole credit goes to you and your leadership. We are happy and hopeful that you will continue to lead the school to even greater heights. Heartiest congratulations to all the successful students and their parents. Many many thanks to the teachers for their dedicated efforts. Wishing all of you the best of luck in the coming session.
 Sincerely yours
 Rajni Jain

Dear Principal Ma'am, Heartiest congratulations to you and the entire staff of MIS for a wonderful show on Tuesday. It was a job well done. We appreciate the effort put in by the teachers and staff. Their hardwork was visible in the Students' Performances. We were amazed to see how our tiny tots followed the instructions, which they don't at home, generally! Keep up the good work. Thanks to the team of "MIS" for their hard work in bringing up this exceptional school.
 Thanks and Regards
 Jaspreet Kaur

Dear Principal,
 Lemme begin by congratulating you for making MIS a known name in no time. Your efforts and hard work has made it one of the best schools of Dwarka and I am sure that in coming years it will reach the pinnacle of success. My journey with MIS began last year in july when we moved from Banglore and after a lot of research finally decided to admit our son here and today we as parent feel so proud of taking the correct decision. I am extremely happy with the progress of my son and i wanna thank all of you for that. The main reason of writing you mail is to give my feedback about teachers of Nursery Pansies. I must say that they are one of the most efficient, sincere and patient teachers MIS . They all the attributes of a good teacher. As a mother whenever I have approached her with any problem regarding my son. I personally wanna thank her and must say that she has a scintillating career ahead. My best wishes to her.
 Regards,
 Nisha Sethi
